

Fade Out by FemmeMaker Productions

"Fade Out" offers reasonable rates for a big investment in a Writer's development. Whether you need a script doctor, straight-forward coverage on your screen/teleplay, or one-on-one development and script consultation, "Fade Out" has the right option for you.

The writing process can be isolating and daunting, while the process of sifting through hundreds of bad scripts to find the one gem that is not only well-written, but in line with your production company's brand can be frustrating and nearly impossible! Fade Out helps the individual writer bust through writer's block, develop effective pre-writing & re-writing methods, and get comfortable writing in their own, unique voice. For production companies, Fade Out offers support in finding and developing scripts that will enhance your slate.
